└─PS> vi replaceocr.sh

┌──(kali㉿kali)-[/home/kali/devopsproject]
└─PS> ./replaceocr.sh
✔  Replacements done. See output in output.txt

┌──(kali㉿kali)-[/home/kali/devopsproject]
└─PS> cat ./output.txt
Line one give
Line two give
Line three give
Line four give
welcome learning now
this is welcome and we learning again
another line with give
